COVID-19 Booster Shot Eligibility Summary

- Faculty, staff, and students who received their last dose of the Pfizer or Moderna vaccines over 5 months ago are eligible for their 1st booster.
  - Faculty, staff, and students who received their initial dose of the Johnson and Johnson vaccine at least 2 months ago and are 18 years of age or older can receive their 1st booster.
  - Faculty, staff, and students who received their last dose of a WHO Approved Vaccine over 5 months ago are eligible for their 1st booster.
- **OPTIONAL 2nd Booster Dose:** Faculty, staff, and students who received a booster dose of the Pfizer, Moderna, or J&J vaccines over 4 months ago and are 50 years of age or older can receive a 2nd booster dose. Those younger than 50 who are considered severely immunocompromised can receive a 2nd booster.

Duke COVID-19 Vaccine Employment Requirements

- Duke University, Duke University Health System, and the Private Diagnostic Clinics require all students and employees to provide proof of having received a COVID-19 primary series and a booster shot. The booster must be received within 28 days of their booster eligibility under state and CDC guidelines. A 2nd booster shot is not required by any Duke entities at this time.
- To learn more about Duke’s requirements please proceed to the COVID Vaccine website.
